To

**Request for Proposals # 005-2021
District Wide Fire Alarm Systems
Issued May 28, 2020**

Alamogordo Public Schools is issuing this Amendment 001 to RFP # 005-2021,
District Wide Fire Alarm Systems,
for the purpose of answering the following questions to the Request for Proposals.

1. Is there an available list for the existing Fire Alarm panel Manufacturer/Models or Brand names?

We do not have a current list. Models range from Notifier, FireLite, to Silent Night. Site visits are being held on Thursday June 11, 2020 @ 10 AM MST. Please meet at Alamogordo Public Schools District 1211 Hawaii Ave, Alamogordo, NM 88310.

2. PAGE 3, Item C states that on-call maintenance work will be done on a Time and Material basis. PAGE 3-4, Item E states that the Contractor agrees to provide full maintenance (parts and Labor) for entire system. Item E continues to include lightning and storm damage. Is the intent for this contract to cover the inspections and testing/monitoring and set a labor rate for on-call services or is the intent to provide an all-inclusive contract to include full replacement of systems?

That is correct. The RFP will provide inspections and testing, and establish labor rates for repairs.

The proposal submittal deadline has been extended to June 15, 2020.

For questions, please contact Sheri Gardner, Chief Procurement Officer,
sheri.gardner@alamogordoschools.org or 575.812.6046.
