ELEMENTARY GRADES K-5

B. ORGANIZATION OF ELEMENTARY SCHOOLS

The teacher has responsibility for the instructional program offered in the classroom to meet the individual educational needs of your child. Parents are encouraged to meet regularly with the teacher about the progress of their child.

The principal determines the matters of school policy in keeping with school district policy and helps the teachers and parents understand the aims and purposes of the school. The principal assists the teachers in developing the instructional program and makes available resources for necessary instructional materials.

Other administrators are instrumental in promoting the services offered the children by helping the principal and teachers in their planning and in obtaining materials and coordinating the work in the schools within the school district.

When you have any questions with regard to the operation of the school or any questions about your child and his/her program of activities, you should contact the principal of the school that your child attends.

It is the aim of the schools of Alamogordo to present a wide range of subjects and activities to prepare children not only in the basic subjects, but also in areas of leadership, citizenship, art, music, physical education and recreation for life in our democratic society.

C. GOAL

 - c. Utilize appropriate study and research skills

In all cases of early withdrawal, teachers will not be expected to provide advance assignments.

E. SCHOOL SERVICES

1. Student Nutrition

This school year, students at every APS school will receive a free breakfast and a free lunch, thanks to the State of New Mexico SB-4 Bill that was passed earlier this year.

Please be aware, to qualify for additional benefits and funding, such as the P-EBT cards, all schools must follow USDA policies and procedures. This means that families will still need to complete an income verification form to ensure eligibility. Please understand, filling out this form will not change your child's status in receiving a free breakfast and lunch.

Applications need to be submitted online through the APS website under: Student Nutrition, Free & Reduced Meals Application or directly at this website: www.linqconnect.com. (Titan is now LINQ Connect) If your child already had a Titan account, you will be redirected to the LINQ website, and the sign-in information will remain the same. The meal application may take up to ten (10) calendar days to process, and you will receive a result letter via email.

According to federal regulations, free and reduced school meal applications may be randomly verified at any time during the school year. If selected for verification, you will receive a notice by regular mail. If you disagree with the results of your free/reduced application, you have the right to appeal the decision. To request a fair hearing, please submit a written request to Student Nutrition Services, P.O. Box 650, Alamogordo, NM 88310 or call Sandra Davis at 575-812-6085.

To purchase a second meal, milk to go with a brought lunch, or items from the coffee shop or bookstore, you must set up a Linq Connect account and ensure there is money available for the purchase. NO CASH WILL BE ACCEPTED IN ANY CAFETERIA.

In accordance with federal regulations, Free and Reduced School Meal Applications may be verified at any time during the course of the school year. Selection is random and notices will be sent out by regular mail anytime verification is required. 2. HEALTH SERVICES

We are dedicated to keeping your child safe and healthy at school. If you have any specific concerns regarding your child's health, we encourage you to contact your school nurse. Individualized Care Plans and/or Emergency Care Plans may be needed and we can put those together for your child while working collaboratively with you and if needed, teachers, principals and primary care providers.

- School Nurse:** A registered professional school nurse (RN) is assigned to every school in this district. There is a nurse available at all times during school hours, but she/he may not be present in the building. The school nurse not only takes care of acute injuries and illnesses, but she/he is actively involved in providing optimal health care for your child. On the days the RN is not in the building, a Health Assistant, who has basic first aid training, is assigned to the health office. If you have any concerns, questions, or needs, please feel free to call the school nurse. We are here to help you as well as your child.
- Immunization Requirements:** Students shall not be enrolled at any school unless satisfactory evidence of their completed immunizations, or proper exemption, can be presented. Any enrolled student without an immunization exemption will be placed on immunization suspension until immunizations are completed or are made as current as possible. It is unlawful for any parent to refuse or neglect to have his or her child immunized, as required by state law, unless the child is properly exempted.

- Medical/Religion Exemption:** Parents who claim a medical or a religious exemption regarding immunizations for their child must bring verification of exemption with them at the time of registration. This exemption must be renewed each year prior to enrollment. Exemption forms may be picked up at the Hawaii Administrative Office front desk or online: <http://www.health.state.nm.us/immunize/Pages/Public/sched/sched.html>. A notary is in the building to notarize these forms.
- Health Concerns:** You will be asked to complete a health concerns questionnaire for your child. This information will be used to plan the health care needs of your child during school. We must have an accurate record of any medical problems, allergies, previous illnesses, or any health concerns. A physical exam before starting school is a good idea, but not required. When registering your child for school, there is a section to check on your child's health concerns. The school nurse will review these concerns and may send a follow up letter to get more information as needed to develop a health care plan. It is imperative that you give us the most updated information in order for us to provide the best services possible for your child. If your child has a potentially life threatening condition, we encourage you to speak directly to the health office personnel at registration.
- Medications:** Any medication, prescription or over-the-counter (ie, cough drops, Tylenol etc.), must include the following:
 - 1) A written order(s) from a licensed medical provider is needed on file each school year.

- 2) Written permission from the parent to administer medication(s) at school.
- 3) Medication(s) must be in the original container, properly labeled, and legible.
- 4) All medications must be secured in the Health Office (except those approved to be carried).

A. Parents must complete the following for inhalers to be carried by the student

- 1) Each school year a written order(s) from a licensed medical provider specifically authorizing the student to carry his/her medication(s) and self-medicate.
- 2) Written consent from the parent permitting the student to carry and self-medicate.
- 3) Medications must be in the original container, properly labeled, and legible.
- 4) Clearance by the Health Office allowing the student to carry and self-medicate.

For student safety, a responsible adult must bring medication to the health office, the student should not have medications on them.

Student medication/inhalers are for individual use only. Sharing or lending to others may result in disciplinary action.

When determining if your child is ready to carry an inhaler, ask your child the following questions:

- What is the name of your inhaler?
- If your inhaler is not helping you breathe better, what would you do?
- What time does the clock say? What is 4 hours from that time?
- Show me how to use your inhaler: (Spacers recommended)
- How do you know when you need to use your inhaler?
- When your breathing feels bad what do you do for it?
- What is asthma?
- Where is the Health Office at your school?

If you determine that you want your child to carry their inhaler, please consult with the school nurse and provide your child with a labeled inhaler from the Pharmacy. It is best to have a second inhaler to keep in the health office in case the child forgets or loses the inhaler.

If your child has an epi-pen, please speak directly with the health services personnel at registration.

- f. **Vision/Hearing Screening:** During the fall of each year, and as necessary, children are screened for vision and hearing. If your child does not meet the minimum state requirements, you will be notified in writing. Please complete the suggested follow-up by a specialist for vision and hearing screenings. A deficiency in any of these areas can impede the student's learning. If financial concerns prohibit quick response, please contact the school nurse for resources.
- g. **Office Visits:** When a child comes to the health office, the reason for the visit is recorded on a secure computer program. You will not be contacted for minor injuries or illnesses, such as paper cuts, chapped lips, etc. However, you may get a record of the office visits at any time. If the child needs to get medical attention or needs to go home to rest, we will call the numbers provided to us on the registration form. A contact person will be expected to pick the child up within one hour. If your child has an excessive number of visits, we may contact you to discuss the concerns.
- h. **Telehealth:** Families will have the opportunity to sign up for onsite Telehealth visits for specific conditions. In order to participate, Parents / Guardians will need to sign an APS permission form and registration form for a care provider. Please see your school nurse for details. A Parent or designee must be present by phone or in person for all appointments.

- i. **In Case of Emergency, We May Call 911** and then call the parent. This will be determined by the severity of the emergency. The parent/guardian will be responsible for the cost of the ambulance call.
- j. **Emergency Contact Numbers:** Emergency contact numbers are **very important**. Sometimes, we are unable to contact the child's parent/guardian. Therefore, the office staff needs to have on file at least two other non-parent/non-guardian telephone numbers of individuals who would be willing to pick up your child if necessary. Changes for emergency contacts must be done in Powerschool parent portal.
- k. **Computerized Messenger:**

Computerized Messenger is an electronic notification system that is used to contact Parents/Guardians by phone and email. The notices are sent for daily attendance/absences, general announcements and critical/emergency information. The home numbers, cell numbers and email information is used from the registration form for each student. Please update changes in Powerschool parent portal.

l. **Safety:**

FOR SAFETY, YOUR CHILD SHOULD KNOW:

- First and legal last name
- Street address
- Parents' names
- Phone number
- Where parents work
- Sitter's full name and phone number

Teach your child to cross streets at intersections and to look both ways for oncoming cars before crossing. If your child is to walk to school, decide on a safe route and practice walking it several times before starting school. Crosswalk supervision will be provided, if possible. If the bus will be ridden, practice walking to the bus stop and home again.

Unless your child rides a bus, please arrange to arrive at school no earlier than 10 minutes before the beginning of school.

If you provide after-school transportation for your child, please be there promptly at the dismissal time to prevent unnecessary worry for your child. If there is to be a change in routine or transportation, send a note and ensure your child understands. If a note or phone call is not made prior to 2:15, your child will follow the original mode of transportation.

CAUTION YOUR CHILD ABOUT:

- Taking gifts or accepting rides from strangers
- Playing in alleys and ditches or loitering on the way to and from school
- Playing with older children who are strangers to the family

Positive Behavior Intervention Support:

What Is a School-Wide Discipline System?

Discipline begins at the universal level with Positive Behavior Intervention Support. A major advance in school-wide discipline is the emphasis on school-wide systems of support. These include proactive strategies for defining, teaching, and supporting appropriate student behaviors to create positive school environments. A continuum of positive behavior support for all students within a school is implemented in all areas including the classroom and non-classroom settings (such as hallways, restrooms). Positive behavior support links research-validated practices and the environments in which teaching and learning occur. Attention is focused on creating and sustaining a continuum of school-wide instructional support in behavior so that problem behavior becomes less effective, efficient, and relevant, and desired behavior becomes more functional. PBIS (Positive Behavior

Intervention Support) is a systems approach to enhancing the capacity of schools to educate all children by developing school wide, and classroom discipline systems that are research-based. PBS is a process for creating safer and more effective schools. The process focuses on improving a school's ability to teach and support positive behavior for all students. Rather than a prescribed program, PBIS provides a framework for schools to design, implement, and evaluate effective school-wide, classroom, non-classroom, and student specific discipline plans. PBIS includes school-wide procedures and processes intended for:

- **ALL** students, **ALL** staff, and in **ALL** settings.
- Non-classroom settings within the school environment.
- Individual classrooms and teachers.
- Support for students with at risk behaviors.
- Individual student support for the estimated 3-7% of students who present the most challenging behaviors.

1. COUNSELING AND SOCIAL WORKER SERVICES

Counselors are available in all the elementary schools. Students may meet with the counselor on a referral basis with parental approval. Social workers are also available to assist families with needs that go beyond the counseling of a child.

F. STUDENT TRANSPORTATION

Students are eligible for school transportation if the walking distance to school is at least 1.0 mile. Exceptions may be made if hazardous walking conditions exist or if a student has an IEP, through the special needs program, indicating that transportation is a required service.

Students who come to school by bus are considered to be on campus while on route to and from school. Upon arrival at school, no student may leave the campus without permission of school authorities.

Since many of the buses serving elementary schools also transport students to other schools, they must operate on rigid schedules. Therefore, it is imperative that students be prompt in boarding and leaving their bus. Students should arrive at their assigned bus stop 5 to 10 minutes early.

1. ASSIGNED BUS STOPS

Students will not be permitted to leave the bus on the way to and from school except at their regularly assigned stop. Students will be picked up and dropped off **ONLY** at their assigned stop.

2. TRANSPORTING NON-SCHOOL PERSONS

Drivers shall **not** transport any person who is not enrolled in the Alamogordo School District.

3. TRANSPORTING NON-BUS STUDENTS

Drivers shall **not** transport any student who is not a regular bus student to and from school. Exceptions may be considered by the Alamogordo Public Schools Transportation Department. The criteria for exceptions would be determined by State bus regulations.

4. BUS REGULATIONS GOVERNING STUDENTS

Parents who have students riding a bus will be given a "School Bus Ridership Form" at the time of registration. Parents must go over the standards with their student and the student will return the signed

bottom portion to the bus driver.

The Student Behavior Policy will be followed. This policy can be found under the Regulations and Reminders section of the Student Handbook.

The bus driver and assistant are authorized agents of the public schools and have the authority and responsibility to uphold the policies and to report any misconduct occurring on the bus. When discipline issues occur on the bus, they will be reported to the campus principal and the campus discipline matrix applies.

G. CURRICULUM

1. K-5 GRADE LEVEL STANDARDS AND BENCHMARKS

The Alamogordo Public Schools Curriculum is aligned for grades K-5 with the NM Common Core State Standards. All students are expected to learn and be able to demonstrate the essential skills of each grade before promotion to the next grade.

2. INTERVENTION AND ADVANCED PROGRAMS

Instructional programs designed for students needing intervention or advanced help will be provided as an ongoing part of the school program. The school Student Assistance Team (SAT), collects and reviews all available student data to collaborate on the behalf of students whose needs surpass the curricular program.

3. SPECIAL EDUCATION

A program of specially designed instruction with appropriate ancillary support services, if needed, to meet the unique needs of a child with one or more exceptionalities. Possible Exceptionalities include Gifted, Autism, Specific Learning Disability, Speech/Language Impaired, Intellectually Disabled, Other Health Impaired, Hearing Impaired, Visually Impaired, Orthopedically Impaired, Emotionally Disturbed and Traumatic Brain Injury. The Ancillary Support Services, if needed, can include Speech/Language Therapy, Occupational Therapy, Physical Therapy, Counseling or Psychology Consult, School Social Work Services and Audiology Services.

4. SECTION 504

Section 504 is federal civil rights law under the Rehabilitation Act of 1973. The U.S. Department of Education's Office for Civil Rights (OCR) administers Section 504 - not the State. Section 504 is the other service option available to students with disabilities, **but who are not eligible and/or already receiving special education services under the eligibility requirements of the IDEA (Tier 3)**. It is designed to provide equal access and fairness in general education to students with disabilities, thereby leveling the playing field for them. Under New Mexico's Multi-Layered Support System, a Section 504 Plan is a Tier 3 service and/or support.

5. GIFTED PROGRAM

In New Mexico, services for qualifying students are provided through Special Education programs.

6. DD PRE K PROGRAM

Children receiving special education services pursuant to state regulations may be admitted to DD Pre-K at either Stepping Stones or Holloman Elementary School. The student must be at least 3 years old at any time during the school year.

7. ENGLISH LANGUAGE LEARNERS

English as a Second Language Programs are provided to help students achieve proficiency in understanding, speaking, reading and writing the English language in order to be able to participate meaningfully in all academic subjects.

8. HOMEBOUND INSTRUCTION

Homebound instruction is a possibility for a student whose health or an injury indicates an absence from school of three weeks or longer. Criteria for determining such placement will be reviewed by the district health services director along with written communication from the child's physician. Homebound instruction should be considered only as a last resort when all other efforts have been exhausted.

9. TITLE I

Provides additional support within the curricular program designed to assist strategic and intensive level students who are not demonstrating success in reading and math in the content areas.

10. TEXTBOOKS, WORKBOOKS, SUPPLIES AND LIBRARY BOOKS

Textbooks are furnished to your child through the State budgetary process. Each child is responsible for the proper care and return of the books. A fine will, however, be charged for the loss, destruction or misuse of textbooks. If a student transfers out of the district, money for lost or damaged books that is owed to the school must be paid before withdrawing.

Each school maintains a library for student use. If your child checks out a book, the responsibility for the proper care and return of the book is the parent's and the child's. Fines are charged for any book lost, stolen, or damaged.

Parents will be expected to provide some school supplies. A list will be given to you by the school or your child's teacher. Please purchase these items early in order that your child will have the necessary materials to progress with the rest of the class.

11. STANDARDIZED ASSESSMENT

New Mexico Assessment of Science Readiness (NM-ASR)—Grade 5
New Mexico Measures of Student Success & Achievement (NM-MSSA) –Grades 3-5

Additional assessments may be required.

Station is given at Kindergarten, and Grades 1-5 to measure pre-reading, reading skills and Math three times during the school year and continuously throughout the year.

2. STUDENT SUPPORT AND INTERVENTION PLAN (SSIP)

AIP-Academic Intervention Plan
RTI- Response to Intervention
SAT- Student Assistance Team
IEP- Individualized Education Plan
School Grading System

a. The Student Assistance Team (SAT) Process

Alamogordo Public Schools strives to provide strong universal instruction to all students on Tier I, but if a student struggles, either academically or behaviorally, we provide sound, researched-based interventions to assist students. The SAT process helps both the families and the staff at schools to develop a plan to assist a struggling student with the hopeful outcome of student progress.

In New Mexico and Alamogordo Public Schools, the focus of the Multi-Layer Support System is to provide **targeted, supplemental, and individualized** for students who are at-risk academically or behaviorally, or those exceeding expectations and for whom Layer 1 instruction and universal interventions prove insufficient. Students are identified as Layer 1 when they master most of the state standards through regular classroom instruction. Students are identified as Layer 2 when they need additional instructional or behavioral supports. Students are identified as Layer 3 when they need intensive supports. Students should move in and out of Layers as intervention occurs. Students who do not make progress may be referred to the SAT process (which includes the student's parents) gathers all available data about a student, hypothesizes a possible cause for the problem, determines if the students should receive additional interventions or continue with present interventions. If additional intervention is needed, an individualized SAT Intervention Plan or Behavioral Intervention Plan (BIP) is designed that the classroom teacher and/or others then implement in the regular education classroom.

If at any time during the school year, a student is failing any core class and/or is below grade level academic proficiency (defined as mastery of state content and performance standards for that grade level and as being measured by grades, performance on school district assessment, and other measures identified by the school district, a grade level team (Laye) will consider the development of a Student Support and Intervention Plan (SSIP) for the student. The SSIP is a written document that includes strategies for achieving academic success agreed upon by the student, parent/guardian, and team of teachers.

Promotion and Retention Procedures

Parents or guardians are to be notified no later than the end of the second grading period (first semester) that their child is failing to attain appropriate grade level academic proficiency (defined as mastery of state content and performance standards for that grade level and as being measured by grades, performance on school district assessment, and other measures identified by the school district and might be a candidate for retention). If a teacher identifies that a student is failing to attain appropriate grade level expectations and demonstrating proficiency in any core content area by the end of the second grading period, the following actions will occur:

- i. The student will be referred to Grade Level (Layer I), or SAT (Student Assistance Team –Tier II) who will arrange for a conference with the parent(s) guardian(s) of the students.
- ii. The teacher(s) will explain the specific academic deficiencies and review the remediation/intervention strategies in the SSIP to address the deficiencies. Revisions may be made to the SSIP.

- iii. The teacher(s), having followed the RTI process, will develop an AIP Plan as an addendum to the SSIP. This AIP Plan documents that the possibility of retention has been discussed as an option. A student may be placed on an AIP Plan based upon lack of growth based upon grade level expectations and standards as reflected in short-cycle assessment data and classroom performance. Remediation plans may include tutoring, extended day or week programs, summer programs, and other research-based interventions and models for student improvement provided by the district.

At the end of grades kindergarten through seven, a student who has not attained the required level of academic proficiency established by the state's content and performance standards the following steps shall be exercised:

- i. The student may participate in remediation and, if he or she is able to reach the required level of proficiency through remediation (including summer remediation), is eligible upon Principal approval to be promoted to the next grade level.
- ii. The student may be retained in the same grade or core course level for no more than one school year with an AIP developed by the SAT. If the parent refuses to allow the student to be retained, the parent signs a waiver stating that refusal, and agreeing that the student be advanced with an AIP in place that addresses specific deficiencies. In developing an SSIP/AIP, the SAT is to outline timetables and monitoring activities to ensure progress toward overcoming the academic deficiencies. If the parent(s)/guardian(s) do not allow the student to be retained, the student will be advanced rather than passed, to the next grade level. (Advanced indicates that the student has been placed in the next grade level due to parent refusal of retention, rather than passed based upon academic proficiency)
- iii. If at the end of that year, the student has not attained academic proficiency, the student is to be retained in that grade for no more than one year in order to have more time to achieve proficiency. No parental approval is necessary.
- iv. At the end of grade eight, if a student has not attained the required level of academic proficiency for entering grade nine, the student shall be retained for no more than one school year.
- v. Promotion and retention decisions affecting a student receiving special education services are made by the student's IEP team (not the SAT) and in accordance with the instructional program provided by the IEP.

3. PARENT/TEACHER CONFERENCE

It is important that the parent or guardian be kept informed of their child's progress in school. The professional staff will make every opportunity to contact the home in order to report progress or to seek assistance when a learning problem is recognized or unresolved. Parent conferences will be scheduled by the professional staff, as often as it is necessary to achieve optimum understanding between the home and the school. Conferences are held regularly once each semester for all students K-5. Parents are also invited to schedule conferences with school personnel in an effort to promote home/school communications.

4. REPORTING PROGRESS

Students will receive report cards following the end of each nine-week period. Unsatisfactory work may mean a student is not working to capacity or is in danger of failing if the quality of work is not improved. A failing notice means that a pupil is not doing work of sufficient nature to justify credit at the time the report is sent. Students who are not demonstrating expected learning goals will be provided with an Academic Improvement Plan.

5. HOMEWORK, GRADES K-5

- a. Homework is designed to broaden the student's program, to provide additional practice, to reinforce skills learned at school, or to help make up assignments not completed in class or

missed due to absence.

- b. Homework will be assigned to students only if an instructor feels it is necessary for completion of educational goals or learning competencies criteria. Each assignment should have definite and clear objectives, and students should be properly prepared in class to complete the assignment on their own. New concepts will not be presented in homework.
- c. Instructors will check completed homework assignments. Students should understand their errors and be encouraged to make corrections as necessary.
- d. Quantities of daily homework assigned is dependent upon age and grade level, with the following suggestions:

Grades K-1-2-3	15-30 minutes
Grades 4-5	30-60 minutes

These times may vary according to individual student work habits and the teacher's judgment of student capabilities.

I. ATTENDANCE

Children learn best when they are in school consistently on a daily basis. Regular attendance is expected. If your child has been, or will be, absent or tardy, notify the school by phone the same day or by note as soon as possible. Urge your child to develop the habit of punctuality and regular attendance, help your child to look forward to each day and talk about their activities of the day. Avoid remarks that would cause your child to fear teachers or other school personnel. Help them to understand and see them as a support and resource.

Your Child will be sent home for the following:

- Fever above 100F (must be fever free for 24 hr before returning without fever reducing medications)
- Vomiting (witnessed)
- Diarrhea (observed)
- Suspected fracture
- Serious Injury
- Communicable Disease
- High/low blood sugar, insulin reaction
- At the discretion of the school nurse

1. REPORTING ABSENCES

There are two types of absences - excused and unexcused.

Excused - It will be the responsibility of the parents or the guardians to notify the school of excused absences as soon as possible after the absence occurs. This must be done within forty-eight hours after the absence. It is preferred that notifications occur by 8:30 a.m. of the same day due to safety concerns for the whereabouts of students. No changes will be made after 48 hours.

Unexcused - Any absence that is not reported by the parents or guardians will be counted as unexcused. Once a student has accumulated three unexcused absences, a written notice will be sent to the parents or guardians informing them of the unexcused absence and parent requirement under the Compulsory School Attendance Law.

STUDENT ABSENCES AND EXCUSES

When Absent from School

If the parent(s)/guardian(s) have a telephone and provide the contact number to the school, the school may make a reasonable effort to give notification of absence within three (3) hours of the beginning of the school day if the school has not received confirmation of the student's absence. No right of being informed is established by this direction to staff.

State law mandates that parents are responsible for children to be in attendance during the period when school is in session. Therefore, when a student is absent, the parent shall call the school on or before the day of the absence in order to advise the school as to the reason for the absence if a telephone is available. When it is impossible to call on the day of the absence, the school should be notified on the morning the student returns by signed parental note, in time for the student to obtain an admission approval prior to class time. All absences not verified by parental or administrative authorization will be considered unexcused.

If a parent does not have access to a phone, either at home or at work, a note will be accepted for verification purposes.

For absences greater than one (1) day in length, the school should be notified each day of the absence.

If a student is absent for three (3) or more successive school days, the school shall contact the student's parents, legal guardian or custodian by telephone, if possible, no later than the close of school on the school day next succeeding the three-day period. A written notice shall be dispatched if telephone contact has not been made. The provisions of this section do not apply to any absence if the parent, legal guardian or custodian, prior to the end of the three-day period, has contacted the school to explain the absence.

All personnel will solicit cooperation from parents in the matter of school attendance and punctuality, particularly in regard to the following:

- The scheduling of medical and dental appointments after school hours except in cases of emergency.
- The scheduling of family vacations during school vacation and recess periods.

NEW MEXICO SCHOOL BOARDS ASSOCIATION 36 **07/22/2019**

The school may require an appointment card or a letter from a hospital or clinic when the parent has not notified the school of an appointment of a medical or dental nature.

STUDENT ABSENCES AND EXCUSES

The regular school attendance of a child of school age is required by state law. Regular school attendance is essential for success in school; therefore, absences shall be excused only for necessary and important reasons. Such reasons include but are not limited to those reasons approved by the school administration such as, illness, injury, and bereavement of a family member, other family emergencies, and observance of major religious holidays of the family's faith or religious instruction and tribal obligations. For religious instruction and tribal obligations, written consent of a parent and approval of the principal are required. A student may be excused for parent or doctor authorized medical reasons. Time shall be provided for the student to make up the work.

An unexcused absence means an absence from a class or school day (half of the students approved program) for which the student does not have an allowable excuse.

Absent means not in attendance for a class or school day for any reason, excused or not excused except for interscholastic extracurricular activities.

In the event of a necessary absence known in advance, the parent is expected to inform the school; if the absence is caused by emergency, such as illness, or injury the parent is expected to telephone the school office, if possible. When a student returns to school following an absence, a note of explanation from the parent is required, unless the parent notified the school in advance of the absence.

School administrators are authorized to excuse students from school for necessary and justifiable reasons as determined from the circumstances surrounding the cause of the absence.

TRUANCY / CHRONIC ABSENCE

Interventions for Student

Chronic absence differs from truancy in that it tracks both excused and unexcused absences.

The district shall provide interventions for students who are missing school, depending on the number of absences.

Individual prevention is called for if a student misses 5% or more but less than 10% of classes or days of school. For elementary school absences the parent is to be contacted by the attendance team for discussion, middle school and high school absence discussions by the attendance team are to be with the parent and student.

Attendance Team

1. Must include: administrators, teachers, staff (counselors and nurses), and community members whose responsibilities will include:

- Recommending evidence based metrics to provide early identification of students at risk of chronic or excessive absenteeism.
- Developing and implementing an attendance improvement plan that;
 - Keeps students in an educational setting
 - Assists a students' family to remove barriers to the student's regular school
 - attendance or attendance in another educational setting
 - Provides additional educational opportunities to students who are struggling with attendance

Establishing intervention efforts to keep students in an educational setting which will permit withdrawal, suspension or expulsion only after exhaustion of these efforts for absence related actions.

- Examining for accuracy class attendance records, absence reports, and documentation required for all absent students.

- Assessing community based organizations that may provide services to students in the way of support and intervention regarding attendance issues and encouraging school sharing of compliant data in accord with the FERPA exceptions.

PENALTY (Policy JHB-R)

A parent, guardian or one having custody of the student who, after receiving written notice as provided in Item 5 Policy JHB-R and after the matter has been reviewed in accordance with Item 10 Policy JHB-R, knowingly allows the student to continue to violate the Compulsory School Attendance Law shall be guilty of a petty misdemeanor. Upon the first conviction, a fine of not less than twenty-five (\$25) or more than one hundred dollars (\$100) may be imposed, or the parent, guardian or one having custody of the student may be ordered to perform community service. Violators of the Compulsory School Attendance Law shall be guilty of a petty misdemeanor and shall be subject to a fine of not more than five hundred dollars (\$500) or incarceration for a period not to exceed six month or both.

At the beginning of the year, all parents will be required to sign the Alamogordo Public School Parent and Student Notification of Compulsory School Attendance, which outlines State requirements for student attendance. This document will serve as the definitive guideline for all matters relating to attendance.

Proof of Residency for School Registration

All parents/guardians registering students in the Alamogordo Public Schools must provide proof of residency at the annual registration. Proof of residency is mandatory to determine the student's correct school attendance zone. Acceptable documentation to establish residency is required annually and failure to provide the required documentation may prevent enrollment in the school.

Students who are homeless and who are protected by the McKinney-Veto Act are required to follow the applicable enrollment process provided by federal law.

Acceptable documents to establish residency include:

- Current utility bill or utility payment receipt dated within the last 60 days
- Current and fully-executed lease or rental agreement **and** a current lease /rent payment receipt or current utility bill for the lease/rental address (agreement must include, or the parent/guardian must provide, the name, address and telephone number of the landlord)
A mortgage payment receipt dated within the past 60 days
- Property tax bill dated within the last year
- Current and fully-executed Section 8 Agreement **and** a current payment receipt or current utility bill for the Section 8 housing address (agreement must include or the parent /guardian must provide, the name, address and telephone number of the landlord)
- Voter registration documents with the address of the residence
- Military orders establishing that the family lives on a local military base

2. ATTENDANCE ZONES/OUT OF ZONE

The School Board sets school attendance zones. Students attend the school zone in which they reside with their custodial parent or permanent legal guardian.

4. OUT OF ZONE

School Transfers

Information about how to submit a transfer request in order to switch schools. The first window for transfer applications opens in May of each year. A subsequent transfer window may open if spaces are still available.

Applying For a Transfer

- Students who currently have an approved transfer WILL need to reapply during the open transfer window.
- Students who are transitioning from elementary to middle school DO need to apply for a transfer if they want to attend a school outside their assigned area.
- Applications need to be turned into the principal of the school the student is wanting to transfer into

Enrollment Priorities

In-state students shall be enrolled or re-enrolled in each district school according to the following priorities:

Priority 1: persons residing within the attendance area of the school; and students who had resided in the attendance area prior to a parent who is an active duty member of the armed forces of the United States or a member of the National Guard being deployed and whose deployment has required the student to relocate outside the attendance for custodial care;

Priority 2: students enrolled in a school ranked as a school, the needs improvement or a school subject to corrective action;

Priority 3: students who have previously attended the school or students of employees working at the school;

Priority 4: other enrollment preferences, include:

- siblings of students already attending the school, will be placed into the requested school when possible;
- if space is still available placement will be granted to students who have at least one parent on active military duty (U.S. or Foreign);
- parents who have a specific reason such as child care needs;

Priority 5: transfer requests with no reason specified.

Students Who Move During the School Year

Students who move during the school year may finish the semester at the school in their old neighborhood (if space is available). They will also have first priority to attend the designated school for their new address. If you request a transfer to stay in the school at the student's old address, you will be given priority in processing their transfer request.

How Transfers Work

We can approve transfers only if a school has space and program availability for new students. If more people request spaces than are available, we will use a lottery-style random drawing to approve transfers and assign spaces at each particular school.

- Transfers are not approved on a first-come, first-served basis. The random selection process we use is in compliance with state and federal regulations.
- The process also factors in student needs (See Transfer Priorities below.)

Who Can Request a Transfer

Transfer requests can be submitted by a parent or legal guardian. A separate application form must be completed for each child.

How are transfers granted:

- One transfer per year: Students will only be approved for one transfer per year.
- Apply early: Those who apply between May 15 and May 29 will be included in the first random drawing for schools. The first drawing occurs before the end of the school year.
- Additional random drawings: After the first drawing, we will hold additional random drawings later in the year as space becomes available at schools.

Transferring Multiple Students

If you are transferring multiple students, a separate application form must be submitted for each student requesting a transfer to different schools. Please note that there is no guarantee that space will be available at the same school for all students when multiple schools are requested for multiple students.

If you are submitting requests for multiple students with the hope of placing them at the same school, list a single school on the Transfer Request Form to avoid having them placed in separate locations.

Approved Transfers

Notification of approval:

You will receive notice by e-mail that your transfer has been approved or of waiting list status. Parents may contact individual school to verify the transfer status if notification has not been received by 30 June or if you do not have an e-mail address.

Families receiving approved transfers will have five (5) business days to accept or decline the approved transfer. If a family declines the approved transfer or doesn't respond the request will be deleted and a new request will need to be completed.

School registration process: (All registration will be done online)

Remember, students should attend their neighborhood school until their transfer request is approved. As soon as you receive a transfer approval, please contact your new school to find out when the student can complete the registration process.

The registration process for approved transfers varies depending on when you receive the approval notification:

- Before Summer: Contact your new school to see if they want you to pre-register for the Fall semester.
- During Summer: Try contacting the school and be sure to process your paperwork by the time of Fall registration. Note that you might not be able to reach anyone during summer break.
- During the School Year: Contact your new school as soon as you receive the transfer approval. Watch out! If you wait too long to contact the school, you may lose your spot.

Waiting lists:

If a transfer request cannot be approved for any of the requested schools, the student's name will automatically be placed on a waiting list for that school year.

- If space becomes available at a school, students on the waiting list will get transferred first.
- If a transfer request is approved for any of the requested schools, all remaining requests will be withdrawn and the student's name will be removed from all waiting lists. If you only want your child to be considered for one particular school, please list that school in the 1st choice field and leave the other fields blank.

Waiting lists do not carry over from one year to the next. You must complete a new application each year, even if it's the same request as last year. Contact the individual school to get information about school enrollment space and program availability.

Transportation:

Students transferring to a school outside their neighborhood school will not be able to ride an APS bus to school.

Parents of students transferring to a school outside of their zone are responsible for transportation of their students.

Transfers Priorities

1. Students living within the established attendance boundaries for a school.
2. Students who are enrolled at a school which has received an "F" rating for at least the two years in the last four years and are applying to attend a school with a higher rating, will have second priority when requesting a transfer. To determine the classification of your designated or transfer school, visit the New Mexico website. Navigate to School Data, then to School Grading. Select the Alamogordo Public Schools, locate your school on the list, and follow the prompts.
3. Students who have previously attended the school or students of employees working at the

school.

4. Other enrollment preferences, including:

- Students with siblings already attending the school requested and who will be attending simultaneously for the upcoming school year. Those students will be placed into the requested school when possible.
- If space is still available placement will be granted to students who: have other siblings requesting the same school but none are currently attending the requested school or have at least one parent on active military duty (U.S. or Foreign).
- Those placements are followed by students who have a specific reason such as child care needs, and other reasons.

5. Transfer requests with no reason specified.

6. CONDITIONS APPLICABLE TO OUT-OF-ZONE ATTENDANCE

- a. The classroom the student will be attending is not overloaded as defined by State Department of Education regulations.
- b. The school is not out of compliance with Federal Comparability Standards and the School District is not in danger of losing federal money.
- c. The Student Assistance Team (SAT) may determine behavior/academic/attendance interventions, that require a change of placement for your student.
- d. Transportation can be provided by the parent to and from the receiving school (out-of-zone) in a timely manner and the names of individuals permitted to take the child home after the normal school day are on file.
- e. Any changes in a Special Education student's educational program, including transfer to another school, have been addressed at an Individual Education Program (IEP) meeting arranged by the department of Integrated Instructional Services.

II.

REGULATIONS AND REMINDERS

A. STUDENT RECORDS

Each school maintains education records for each student who is currently enrolled. Such education records include report cards, Academic Improvement Plans (AIP), attendance, disciplinary documents, health data, results of standardized achievement, intelligence, aptitude, and interest tests or inventories. The Family Educational Rights and Privacy Act (FERPA) is a federal law that governs the maintenance of student records. Under that law, parents of students, or students who are at least 18, have both the right to inspect records kept by the school about the student and the right to correct inaccuracies in the records. Access to the records by persons other than the parents or the student is limited and generally requires prior written consent by the parents or the student.

NOTIFICATION OF RIGHTS UNDER FERPA FOR ELEMENTARY AND SECONDARY SCHOOLS

The Family Educational Rights and Privacy Act (FERPA) affords parents and students who are 18 years of age or older ("eligible students") certain rights with respect to the student's education records. These rights are:

1. The right to inspect and review the student's education records within 45 days after the day the Alamogordo Public School District (District) receives a request for access.

Parents or eligible students should submit to the school principal a written request that identifies the records they wish to inspect. The school principal will make arrangements for

access and notify the parent or eligible student of the time and place where the records may be inspected.

2. The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.

Parents or eligible students who wish to ask the District to amend a record should write the school principal, clearly identify the part of the record they want changed, and specify why it should be changed. If the District decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

3. The right to provide written consent before the school discloses personally identifiable information (PII) from the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the school as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel) or a person serving on the school board. A school official also may include a volunteer or contractor outside of the school who performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, auditor, medical consultant, or therapist; a parent or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the Alamogordo Public School District to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA) NOTICE FOR DIRECTORY INFORMATION

The *Family Educational Rights and Privacy Act* (FERPA), a Federal law, requires that the Alamogordo Public School District (District), with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child's education records. However, the District may disclose appropriately designated "directory information" without written consent, unless you have advised the District to the contrary in accordance with District procedures. The primary purpose of directory information is to allow the Alamogordo Public School District to include this type of information from your child's education records in certain school publications. Examples include:

- A playbill, showing your student's role in a drama production;
- The annual yearbook;
- Honor roll or other recognition lists;

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent's prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks. In addition, Federal laws require local educational agencies (LEAs to provide military recruiters, upon request, with the following information – names, addresses and telephone listings – unless parents have advised the LEA that they do not want their student's information disclosed without their prior written consent.

If you do not want the Alamogordo Public School District to disclose directory information from your child's education records without your prior written consent, you must notify the District by completing the Directory Information Opt-Out form (included in your registration packet) to your school administrative office within 30 days of registering your child. D. STUDENT/SCHOOL RIGHTS AND RESPONSIBILITIES

1. STATEMENT OF POLICY

A primary responsibility of the Alamogordo Public Schools and its professional staff shall be to instill in students an appreciation of our representative form of government, the rights and responsibilities of the individual, and the legal processes whereby necessary changes are brought about.

The school is a community and the rules and regulation of a school are the laws of that community. All persons enjoying the rights of citizenship are subject to the laws of their community. Each right carries with it a corresponding obligation.

The right to attend public school is not absolute. It is conditional on each student's acceptance of the obligation to abide by the lawful rules of the school community until and unless the rules are changed through established processes.

Teachers, administrators, and other school employees also have rights and duties. Teachers are required by law to maintain a suitable environment for learning in their classes and to assist in maintaining school order and discipline. Administrators are responsible for maintaining and facilitating the educational program by ensuring an orderly, safe environment in the public schools. In discharging their duties, all school employees have the right to be free from intimidation or abuse and to have their lawful requests and instructions followed by students. The District has both the authority and responsibility to ensure that suitable rules of student conduct and appropriate disciplinary processes are established.

2. DETENTION

Detention means requiring a student to remain inside or otherwise restricting his or her liberty at times when other students are free for recess or to leave school. Detention is to be under reasonable supervision and with adequate notification to the parent or guardian if after school time is involved. Necessary transportation shall be provided by the parent or guardian when a student is detained.

3. SUSPENSION

- a. The Principal may suspend from the privileges of the school any student guilty of gross misconduct or continual insubordination to school organization and/or regulations. Any

student who is disruptive to other students with particular reference to gang activity, vandalism, truancy, fighting, gambling, insubordination, hazing, foul and abusive language, sexual harassment, use of drugs or alcohol or possession of weapons may be suspended at the option of the building Principal and the Superintendent of Schools subject to certain conditions for reinstatement.

- b. Students with disabilities are not immune from school disciplinary processes, nor are they entitled to remain in a particular educational program when their behavior substantially impairs the education of other children in the program. However, the public schools are required by state law and regulations to meet the individual educational needs of students with disabilities to the extent that current educational expertise permits. Where detention, suspension and/or expulsion is determined to be the appropriate penalty, it may be imposed only in accordance with procedures that provide at least the minimum safeguards set in policy. Suspension or expulsions of students with disabilities shall be subject to those requirements for a student who has a disability.

If the determination is made that the misbehavior is not a manifestation of the disability and the student's program is appropriate, the administrative authority may proceed to initiate long-term suspension or expulsion proceedings.

- c. When a student is suspended or expelled from school, he/she is not to be on any school campus or attend any school-sponsored activity for the duration of the suspension or expulsion. Failure to comply may result in legal or other disciplinary action against the student.

4. IN-SCHOOL SUSPENSION

"In-school suspension" means suspending a student from one or more regular classes while requiring the student to spend the time in an alternative classroom or, another designated area. In-school suspension may be imposed with or without further restrictions of student privileges.

5. TEMPORARY (SHORT-TERM) SUSPENSION

"Temporary (short-term) suspension" means the removal of a student from school for a specified period of ten (10) school days or less. A student facing temporary suspension shall be given a rudimentary hearing which shall inform the student of the charges, what evidence supports those charges, and be given the opportunity to present his or her version of the facts. This "hearing" may be an informal discussion and may follow immediately after the "notice" of the charge is given.

6. LONG-TERM SUSPENSION/EXPULSION

"Long-term suspension" means the removal of a student from school for a specified time exceeding ten (10) school days. The Superintendent or designee will initiate procedures leading to long-term suspensions or expulsion. A temporary suspension may be imposed while the procedures for long-term suspensions or expulsion are activated.

However, where a decision following the required formal hearing is delayed beyond the end of the temporary suspension, the student must be returned to school pending the final outcome of the hearing.

7. EDUCATIONAL SERVICES FOR EXPELLED OR LONG-TERM SUSPENDED STUDENTS

A student who has been validly expelled is not entitled to receive any educational services from the local district during the period of the exclusion from school. A student will not receive credit during the period of expulsion.

No non-resident student shall be permitted to enroll in and attend any Alamogordo Public School

district school if the student has been suspended or expelled from the student's home district for any reason related to the health and safety of students or employees.

8. SEARCHES AND SEIZURES

Students possess the right of privacy of person as well as freedom from unreasonable search and seizure of property guaranteed by the Fourth Amendment of the Constitution. This individual right is balanced by the school's responsibility to protect the health, safety and welfare of all its students.

Personal search may be conducted when there is a reasonable, individualized suspicion by a school administrator or designee that the student is in possession of contraband in violation of State or Federal law or of school policy. "Contraband", means any substance, material or object prohibited from school by school policy or state or federal law.

11. WEAPONS IN SCHOOL (Policy JICI)

The Board of Education recognizes that the presence of weapons in school not only creates unacceptable risks of injury or death, but also creates a climate that undermines the educational purposes of the schools. Accordingly, it is the policy of the Board of Education to prohibit the possession, custody and use of weapons by unauthorized persons on school property or during school sponsored activities. For the purposes of this policy, a "weapon" shall mean any weapon, device, instrument, material, or substance, animate or inanimate, that is used for, or is readily capable of, causing death or serious bodily injury. Any other item or device which may be used as a weapon, including all pocket knives or other knives regardless of length of blade, or other objects, even if manufactured for a non-violent purpose, that resemble objects that have a potentially violent use or any "look-a-like" objects that resemble objects that have a potentially violent use, if the surrounding circumstances, the purpose of keeping or carrying the objects is for use, or threat of use, as a weapon.

This policy is enacted to implement the requirements of the federal Gun Free Schools Act of 1994, 20 U.S.C., § 8921 and NMSA 1978, § 22-5-4.7.

12. GANG ACTIVITY

The harm done by the presence and activities of gangs in the public schools exceeds the immediate consequences of such activities such as violence and destruction of property. Gang activities also create an atmosphere of intimidation in the entire school community. Both the immediate consequences of gang activity and the secondary effects are disruptive and obstructive to the process of education and school activities.

Gangs and gang activities are prohibited in the schools. A "gang" is any group of two or more persons whose purposes include the commission of illegal acts or acts in violation of disciplinary rules of the School District.

No student on or about school property or at any school activity shall, wear possess, use, distribute, display, or sell any clothing, jewelry, emblem, badge, symbol, sign or other item that evidences or reflects membership in, or affiliation with any gang; engage in any act, either verbal or nonverbal, including gestures or handshakes, showing membership or affiliation in any gang; or engage in any act in furtherance of the interests of any gang or gang activity.

If acts of bullying are verified, prompt disciplinary action may be taken against the perpetrator, up to and including suspension and/or expulsion. E. STUDENT BEHAVIOR POLICY

The philosophy of the Alamogordo School Board states that a public school must have an orderly environment in which learning is not jeopardized by disruptions. We believe that by accepting and fulfilling appropriate responsibilities, individuals will come to value resultant privileges. Students are expected to exhibit appropriate behavior that demonstrates respect for the rights and property of others. However, when a student fails to practice self-discipline, disciplinary action by the teacher and/or other school officials becomes necessary. The type of discipline will depend upon the student's disciplinary background, attitude and the seriousness of the student's action. The professional judgment of the teacher or other school officials directly involved with the particular incident will be the basis for the final disciplinary action taken.

1. GENERAL POLICIES

All official employees and authorized agents of the public schools whose responsibilities include supervision of students, shall stand in loco parentis at any time this responsibility exists. This authority applies whenever students are lawfully subject to the school's control, regardless of

place. During such periods, public school authorities shall have the right to supervise and control the conduct of students, and students shall have the duty to submit to the school's authority. 6. DISTRICT DRESS CODE IMPLEMENTATION GUIDELINES

Responsibility for the dress and appearance of students enrolled in the Alamogordo Public Schools primarily rests with parents/guardians and the students themselves. Some student attire, however, may not be appropriate to wear to school even though that same attire may be appropriate to wear in other settings.

To assist parents/guardians and students in making appropriate decisions for school attire, the School Board has established student dress code guidelines to promote the safety of students and a non-disruptive environment for orderly operation of the school. A student's appearance, mode of dress, and/or cleanliness shall not disrupt the educational process, or constitute a threat to school safety.

Students must adhere to the following guidelines:

- a. Pants/shorts will be worn at the waist; dangling attachments such as chains, etc. are not allowed.
- b. Shorts, skirts, dresses, jumpers or skorts may not be shorter than mid thigh.
- c. Clothes bearing phrases, graphics, or slogans which are sexually suggestive, promote the use of drugs or alcohol, contain vulgar language or ethnic slurs will not be worn.
- d. Rags, bandannas or any clothing displaying gang colors, including gang signs, symbols, or coded designs on clothing, notebooks, etc., that is representative of gang affiliation or identification are not allowed.
- e. All tops must have a minimum two-inch shoulder strap width. Clothing which bares the midriff or navel, backless dresses or tops, see-through **to the skin or undergarments** or spandex-type biker shorts, are not appropriate attire.
- f. Shoes must be worn at all times. Enclosed shoes will be worn for physical education. House shoes of any kind are not appropriate.
- g. Head gear is not to be worn indoors, except for religious or medical reasons.

Note: The principal or the principal's designee is the final authority for interpreting whether student attire conforms to the dress code. If dress is inappropriate, the student will be advised by the principal to change dress or appearance before returning to school the next day and the parents will be notified. In extreme cases, the parent/guardian may be asked to bring an appropriate change of clothes to school, or the student may be sent home to change.

Principals have latitude to increase expectations in the district standard of dress and appearance. Parental input will be a component of the additional school guidelines.

School clothing should be comfortable, washable and sturdy enough to withstand the wear and tear of playground and classroom. On scheduled P.E. days, tennis shoes are appropriate footwear.

You should dress your child appropriately for the weather, which may mean one way for the morning session and another for the afternoon session. Layers of clothing, which can be added to or removed with the changing temperature of the day, are most appropriate for this climate. All outer clothing, such as coats, sweaters, hats, mittens and rain or snow boots should be labeled with the child's full name because these items are often and easily misplaced.

- h. Tattoos or piercings that are a distraction to the educational process or for the safety of the student will not be allowed. Students will remove all piercings during P.E. classes.

7. ELECTRONIC USE GUIDELINES

The use of communication/video – photo devices, to include, but not limited to pagers, **cellular telephones**, smartphone watches, cameras and/or two-way transmission devices, CD players, MP3's, IPODS, radios are not allowed during the school day such devices are to be kept in backpacks. Use of such devices will result in confiscation. **The parent/guardian will be required to pick up the confiscated device at the end of the school day. The school will not be held responsible.**

8. VEHICLES, STUDENT USE (BICYCLE, MOTORCYCLE, CAR)

In order to develop and inculcate sound safety practices for the individual student to follow, the administration shall develop rules and regulations on the control and use of vehicles used by the student for transportation to and from school as outlined in student/parent handbooks.

The vehicles that may be used by students at the following levels are:

- c. High School – bicycle, motorcycle (anything with wheels state law requires student must wear a helmet), or car

Bicycles are permissible for transportation to and from school. Bicycles are to be parked in the areas assigned. Bicycles should be locked. **THE SCHOOL IS IN NO WAY RESPONSIBLE FOR DAMAGED OR STOLEN BICYCLES WHILE ON SCHOOL PROPERTY**, but damage or loss should be reported to school authorities. Elementary pupils are not allowed to ride motorized bikes to school.

9. PARTIES (For precautionary measures parties will not be allowed until further notice)

Parties in the classroom are limited to three (3) during the year – Christmas, Valentine's Day and end-of-year movie or picnic. All foods brought into the classrooms must have a nutrition label.
